PANORAMA BLOCK

Terms of Service, Risk Disclosures & Legal Disclaimers

IMPORTANT: PLEASE READ THESE TERMS OF SERVICE AND RISK DISCLOSURES CAREFULLY BEFORE ACCESSING OR USING THE PANORAMA BLOCK PLATFORM, PURCHASING $PANBLK TOKENS, OR PARTICIPATING IN ANY PRESALE EVENT. BY ACCESSING THIS PLATFORM OR PURCHASING TOKENS, YOU ACKNOWLEDGE THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO BE BOUND BY THESE TERMS IN THEIR ENTIRETY.

1. ACCEPTANCE OF TERMS

These Terms of Service ("Terms") constitute a legally binding agreement between you ("User," "you," or "your") and Panorama Block and its affiliated entities, officers, directors, employees, agents, contributors, and licensors (collectively, "Panorama Block," "we," "us," or "our"). These Terms govern your access to and use of the Panorama Block website located at panoramablock.com, all associated platforms, applications, smart contracts, Telegram Mini Apps, AI agent interfaces, DeFi tools, presale participation mechanisms, and any other services we offer (collectively, the "Platform" or "Services").

By accessing or using the Platform in any way, including but not limited to browsing the website, connecting a digital wallet, purchasing $PANBLK tokens, participating in a presale, or interacting with any AI agent or DeFi tool, you confirm that:

- You are of legal age in your jurisdiction to enter into binding contracts;
- You are not a resident of, or located in, any jurisdiction where participation in token sales, cryptocurrency activities, or digital asset transactions is prohibited, restricted, or requires licensing or registration that Panorama Block does not hold;
- You have independently reviewed these Terms and all associated risk disclosures;
- You accept full personal responsibility for your decisions and any consequences arising from your use of the Platform.

If you do not agree to these Terms, you must immediately cease all access to and use of the Platform.

2. NO FINANCIAL, INVESTMENT, OR LEGAL ADVICE

IMPORTANT: NOTHING ON THIS PLATFORM, IN ANY COMMUNICATION FROM PANORAMA BLOCK, OR IN ANY DOCUMENT PUBLISHED BY PANORAMA BLOCK CONSTITUTES

.

FINANCIAL ADVICE, INVESTMENT ADVICE, TRADING ADVICE, LEGAL ADVICE, OR ANY OTHER FORM OF PROFESSIONAL ADVICE.

All content published on the Platform, including but not limited to website copy, whitepapers, tokenomics documents, pitch decks, blog posts, social media publications, Telegram messages, X communications, email communications, and any statements made by team members in public or private forums, is provided for informational and educational purposes only. Such content reflects the views and intentions of the Panorama Block team at the time of publication and is subject to change without notice.

Panorama Block is not a registered investment advisor, broker-dealer, financial institution, or licensed securities professional in any jurisdiction. No information provided by Panorama Block should be construed as a recommendation to buy, sell, hold, or otherwise transact in $PANBLK tokens or any other digital asset. You should always conduct your own independent research and, where appropriate, consult qualified financial, legal, and tax advisors before making any investment decisions.

The presentation of any financial projections, price targets, upside percentages, return on investment estimates, or comparable project performance data is strictly for illustrative purposes and does not constitute a representation, warranty, or guarantee of future performance. Past performance of any digital asset, project, or comparable instrument is not indicative of future results.

3. NO REPRESENTATIONS, WARRANTIES, OR GUARANTEES

THE PLATFORM AND ALL SERVICES ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS WITHOUT ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, PANORAMA BLOCK EXPRESSLY DISCLAIMS ALL WARRANTIES, INCLUDING WITHOUT LIMITATION:

- Any warranty that the Platform will be uninterrupted, error-free, secure, or free of viruses, bugs, or other harmful components;
- Any warranty regarding the accuracy, completeness, reliability, currentness, or usefulness of any content, information, or data provided through the Platform;
- Any warranty that $PANBLK tokens will have any particular value at any time, including at the time of TGE, listing, or at any point thereafter;
- Any warranty that the $PANBLK token will be listed on any exchange, centralized or decentralized, at any particular price, at any particular time, or at all;
- Any warranty that the Platform, AI agents, DeFi strategies, or any associated smart contracts will perform as intended or generate any particular financial outcome;
- Any warranty of merchantability, fitness for a particular purpose, title, or non-infringement.

Panorama Block makes no representation that the Platform is appropriate or available for use in any particular jurisdiction. Users access the Platform at their own initiative and are solely responsible for compliance with all applicable local laws and regulations.

4. COMPREHENSIVE RISK DISCLOSURES

Purchasing, holding, or transacting in $PANBLK tokens or using the Panorama Block Platform involves significant, substantial, and potentially total risk of loss. You should only participate if you fully understand all of the following risks and can afford to lose the entire amount of your investment. The following is a non-exhaustive list of material risks:

.

4.1 Total Loss of Capital. The value of $PANBLK tokens may decline to zero at any time and for any reason, including but not limited to adverse market conditions, regulatory action, technical failures, competitive pressures, or failure to achieve product milestones. You may lose the entire amount of funds you invest. No recovery, compensation, or reimbursement of any kind will be provided by Panorama Block in the event of a total loss.

4.2 No Guarantee of Liquidity. There is no guarantee that a liquid market will exist for $PANBLK tokens at any time. There is no assurance that $PANBLK will be listed on any centralized or decentralized exchange. Even if a listing occurs, trading volumes may be insufficient to allow you to buy or sell tokens at a desired price or at all. Tokens purchased during the presale are subject to vesting schedules and may be entirely illiquid for an extended period. You must be prepared to hold tokens indefinitely without any ability to sell or transfer them.

4.3 Vesting and Lock-Up Risk. Seed round tokens are subject to a 6-month cliff followed by 24 months of linear vesting. During the cliff period, no tokens may be claimed, transferred, or sold regardless of market conditions or personal financial circumstances. The vesting schedule is enforced by smart contract and cannot be accelerated, modified, or overridden by Panorama Block or any individual. A significant decline in token value during the vesting period cannot be mitigated by selling your position.

4.4 Regulatory and Legal Risk. The legal and regulatory status of digital assets, token sales, and DeFi protocols is uncertain, varies significantly across jurisdictions, and is subject to rapid and material change. Regulatory actions including but not limited to the classification of $PANBLK as a security, the imposition of trading restrictions, the enforcement of anti-money laundering or know-your-customer requirements, or the outright prohibition of cryptocurrency activities in your jurisdiction could materially and adversely affect the value, transferability, and utility of $PANBLK tokens. Panorama Block does not represent that the offer or sale of $PANBLK tokens is compliant with the laws of any particular jurisdiction and has not sought regulatory approval or registration in any jurisdiction.

4.5 Technology and Smart Contract Risk. The Platform relies on blockchain technology, smart contracts, and AI systems that are experimental, novel, and subject to technical vulnerabilities. Smart contracts may contain bugs, errors, or exploits that could result in the partial or total loss of funds. AI agent systems may produce incorrect outputs, execute unintended transactions, or fail to perform as expected. Blockchain networks on which the Platform operates may experience congestion, forks, outages, or protocol-level changes that adversely affect functionality. Panorama Block does not guarantee the security, reliability, or performance of any smart contract or underlying blockchain network.

4.6 Market Volatility. Digital asset markets are characterized by extreme price volatility. The price of $PANBLK may fluctuate dramatically over short periods of time due to factors including but not limited to broader market sentiment, macroeconomic events, changes in interest rates, regulatory news, competitor activity, social media narratives, and actions by large token holders. Price movements of 80-90% in either direction within a single day are possible and have occurred historically in comparable assets. You should not make investment decisions based on short-term price expectations.

4.7 Sell Pressure and Unlock Risk. Following the TGE, a total of 200,000,000 investor tokens representing 20% of total supply will be subject to vesting unlock over time. The release of these tokens into circulation may create significant sell pressure that could suppress the price of $PANBLK. Panorama Block does not guarantee that buyback mechanisms, market makers, or other liquidity support measures will be in place or sufficient to offset such sell pressure.

.

4.8 Concentration Risk. A significant portion of $PANBLK tokens is allocated to the team, treasury, ecosystem development, and early investors. While vesting schedules are in place, the concentration of token holdings among a limited number of parties could result in significant market impact if those parties choose to sell or transfer their tokens following the expiration of lock-up periods.

4.9 Development and Execution Risk. Panorama Block is an early-stage project. The Platform, AI agent infrastructure, DeFi tools, and Telegram Mini App are in active development and may not be completed, may be delayed, or may launch in a form materially different from what has been described. The achievement of roadmap milestones, including but not limited to the onboarding of 1,000 active users, the completion of a first B2B integration, and the deployment of AI agent capabilities, is not guaranteed and is subject to technical, commercial, and operational risks. The failure to achieve these milestones may materially and adversely affect the value and utility of $PANBLK tokens.

4.10 Team and Key Person Risk. The success of Panorama Block depends significantly on the continued involvement of key team members, including the founding team. The departure of key individuals could adversely affect the development, operation, and commercialization of the Platform. While the team has strong credentials, past performance and credentials do not guarantee future results.

4.11 Competition Risk. The DeFi, AI, and Web3 infrastructure markets are highly competitive and rapidly evolving. Panorama Block faces competition from well-funded, established projects as well as new entrants. There is no assurance that the Platform will achieve sufficient market adoption to sustain operations or generate value for token holders.

4.12 Cybersecurity and Wallet Risk. You are solely responsible for the security of your digital wallet, private keys, seed phrases, and any credentials used to access the Platform. Panorama Block has no ability to recover lost or stolen wallets, reverse fraudulent transactions, or compensate users for losses resulting from security breaches, phishing attacks, malware, or unauthorized access to user accounts. You should never share your private key or seed phrase with any person or platform, including Panorama Block.

4.13 Tax Risk. The purchase, holding, transfer, and disposal of $PANBLK tokens may have significant tax implications that vary by jurisdiction. Panorama Block does not provide tax advice. You are solely responsible for understanding and complying with all applicable tax obligations in your jurisdiction arising from your participation in the presale or any subsequent token transactions.

4.14 Force Majeure. Panorama Block shall not be liable for any delay or failure to perform resulting from causes outside its reasonable control, including but not limited to acts of God, natural disasters, pandemics, wars, acts of terrorism, government actions, changes in applicable law, blockchain network failures, or third-party infrastructure outages.

5. NATURE OF THE $PANBLK TOKEN

$PANBLK is a utility token designed to serve as the cryptoeconomic medium of exchange, governance participation instrument, and fee settlement mechanism within the Panorama Block ecosystem. $PANBLK is NOT, and is not intended to be:

- A security, share, equity interest, bond, note, or other investment contract in Panorama Block or any affiliated entity;
- A representation of ownership or entitlement to any profit, revenue, dividend, or distribution from Panorama Block;

.

- Legal tender, currency, electronic money, or a payment instrument regulated under any financial services or payments regulation;
- A commodity or derivative instrument.

The purchase of $PANBLK tokens does not grant the holder any ownership rights, voting rights (beyond on-chain governance mechanisms specific to the Protocol), rights to dividends or distributions, or any other rights in Panorama Block as a corporate entity. Panorama Block makes no representation that $PANBLK will be classified as a utility token or non-security instrument in any particular jurisdiction, and you accept the risk that regulators in your jurisdiction may classify $PANBLK differently.

6. PRESALE-SPECIFIC TERMS AND CONDITIONS

The following specific terms apply to participation in the $PANBLK presale:

6.1 No Guarantee of TGE. The Token Generation Event (TGE) is planned but not guaranteed. Panorama Block reserves the right to delay, modify, or cancel the TGE at its sole discretion. In the event of cancellation prior to TGE, Panorama Block will make commercially reasonable efforts to enable refunds of presale contributions, but cannot guarantee the ability to do so in all circumstances, particularly where technical, regulatory, or operational constraints prevent such refunds.

6.2 Presale Participation is Final. All presale contributions are made voluntarily and are final upon confirmation of the on-chain transaction. Subject to the refund mechanism described in Section 7.1, presale contributions are non-refundable. You will not receive a refund because you changed your mind, because the token price declined, or because the Platform did not develop as you expected.

6.3 Minimum and Maximum Contributions. The minimum presale contribution is $1,000 USD equivalent per wallet address. The maximum presale contribution is $200,000 USD equivalent per wallet address. Panorama Block reserves the right to modify these limits, accept or reject any contribution at its sole discretion, and to implement KYC/AML checks that may prevent or delay participation.

6.4 Vesting Schedule. Seed round tokens are subject to a 6-month cliff from the date of TGE, followed by 24 months of linear vesting. Approximately 10% of purchased tokens will be unlocked at TGE. The remaining 90% will vest linearly over 24 months following the cliff. Vesting is enforced by smart contract. Panorama Block cannot and will not accelerate, modify, or bypass the vesting schedule for any individual participant.

6.5 Whitelist and KYC. Participation in the seed presale requires whitelisting. Panorama Block reserves the right to require KYC documentation from any participant. Failure to complete KYC upon request may result in forfeiture of participation rights and, subject to applicable law, potential return of contributed funds.

6.6 Platform Fees. The presale is conducted through a third-party infrastructure provider (such as PinkSale). Third-party platform fees, as disclosed on the applicable presale page, will be deducted from raised funds. Gas fees incurred in connection with presale transactions are the sole responsibility of the participating user.

7. LIMITATION OF LIABILITY

IMPORTANT: TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL PANORAMA BLOCK, ITS FOUNDERS, DIRECTORS, OFFICERS, EMPLOYEES,

.

ADVISORS, CONTRIBUTORS, OR AFFILIATED PARTIES BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND ARISING OUT OF OR IN CONNECTION WITH YOUR USE OF THE PLATFORM, YOUR PURCHASE OF $PANBLK TOKENS, OR YOUR PARTICIPATION IN THE PRESALE, EVEN IF PANORAMA BLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

This includes without limitation any loss of profits, loss of revenue, loss of data, loss of goodwill, loss of business opportunity, and any financial loss arising from:

- The total or partial loss of value of $PANBLK tokens;
- The failure of any exchange to list $PANBLK tokens;
- Any bug, exploit, hack, or security vulnerability in any smart contract or blockchain infrastructure;
- Any failure, interruption, or unavailability of the Platform;
- Any failure to achieve product milestones or business objectives;
- Any regulatory action affecting $PANBLK tokens or the Platform;
- Any third-party conduct, including conduct by exchanges, liquidity providers, or market makers.

8. INDEMNIFICATION

You agree to indemnify, defend, and hold harmless Panorama Block, its founders, directors, officers, employees, advisors, and agents from and against any and all claims, liabilities, damages, losses, costs, and expenses (including reasonable legal fees) arising out of or in connection with: (a) your use of or access to the Platform; (b) your purchase, holding, or disposal of $PANBLK tokens; (c) your breach of these Terms; (d) your violation of any applicable law or regulation; or (e) your infringement of any third-party rights.

9. INTELLECTUAL PROPERTY

All content, materials, trademarks, service marks, logos, software, AI models, and other intellectual property made available through the Platform are the exclusive property of Panorama Block or its licensors. Nothing in these Terms grants you any license or right to use any intellectual property of Panorama Block except as expressly authorized in writing. You may not copy, reproduce, distribute, modify, or create derivative works from any Platform content without prior written consent from Panorama Block.

10. PRIVACY AND DATA

Your use of the Platform is subject to our Privacy Policy, which is incorporated into these Terms by reference. By using the Platform, you consent to the collection, processing, and use of your personal data as described in the Privacy Policy. Panorama Block collects only data necessary to operate the Platform and comply with applicable legal obligations. On-chain data, including wallet addresses and transaction histories, is publicly visible on the applicable blockchain and is not within Panorama Block's ability to restrict or anonymize.

11. MODIFICATIONS TO TERMS

Panorama Block reserves the right to modify, update, or replace these Terms at any time in its sole discretion. Material changes will be communicated through the Platform website and, where practicable, through official communication channels including Telegram and email. Your continued use of the Platform following the posting of revised Terms constitutes your acceptance of such changes. If you do not agree to any modification, you must immediately cease using the Platform.

.

12. CONTACT INFORMATION

For questions regarding these Terms, risk disclosures, or any aspect of the Panorama Block Platform, please contact us at:
